

Construction of upgrades and improvements to Hamilton Township Water Pollution Control facilities, located at 300 Hobson Avenue, Hamilton, NJ 08610, in the amount of \$2,154,864 for the Rotating Biological Contactors Replacement Project (Phase 1), were financed by the New Jersey Water Bank (NJWB).

The NJWB is a State Revolving Fund program jointly administered by the New Jersey Department of Environmental Protection (DEP) and the New Jersey Infrastructure Bank (NJIB) and uses a combination of funds provided by the United States Environmental Protection Agency, the DEP, and the NJIB to provide very low interest loans to borrowers for environmental infrastructure projects.

This project will provide water quality benefits providing reliability and resiliency improvements to the treatment process for residents and businesses in the Hamilton Township, Mercer County area.

State Revolving Fund programs around the nation provide states and communities the resources necessary to maintain and improve the infrastructure protecting our valuable water resources nationwide.
